LUXY Ride

Lead Time Guide

Lead time is how far ahead to book so a LUXY Partner can be confirmed for your pickup. Each state shows the range of times across it. The cities, airports, and destinations LUXY serves most are listed with their own time. Anywhere not listed takes the state's standard time.

What each lead time means

30 min	Book at least 30 minutes ahead
60 min	Book at least 1 hour ahead
3 hours	Book at least 3 hours ahead
6 hours	Book at least 6 hours ahead
12 hours	Book at least 12 hours ahead
24 hours	Book at least 24 hours ahead
48 hours	Book at least 48 hours ahead

Booking earlier than the minimum gives the most vehicle options, especially for early mornings, holidays, and events.

Every state and its areas

Each state shows its range of lead times. Under it are the major areas in that state, fastest first, each with its own time. Anywhere in the state that is not listed uses the "Anywhere not listed" time. When a state has one time everywhere, only that time is shown.

Alabama	**12 hours to 48 hours**
Anywhere not listed: 24 hours	
Birmingham	12 hours
Huntsville	12 hours
Mobile	24 hours
Montgomery	24 hours
Alaska	**48 hours**

Important information. Lead times in this guide are estimates for planning only and are not a guarantee of service, availability, or pickup time. Actual availability depends on LUXY Partner availability, vehicle class, time of day, day of week, holidays, events, weather, traffic, and airport or venue conditions. A trip is only confirmed once LUXY accepts the booking and sends a confirmation.

LUXY is a technology marketplace that connects customers with independent, vetted LUXY Partners who provide pre-arranged black car transportation. LUXY does not itself provide transportation services. All bookings are subject to the LUXY Terms of Service at luxyride.com.

Coverage and lead times change as LUXY adds partners and areas, and may change at any time without notice. This guide supersedes earlier versions. The interactive map at luxyride.com always shows the current times.

Version 1.0 · October 28, 2026 · Subject to change.
